December News

Watch for the next set of flashcards coming home soon. Add them to previous packs and keep practicing all words at home. Your child can make sentences with those flashcards and print them for extra practice.

In Math, we are starting to learn about Addition and Subtraction. Your child can easily practice these skills by adding plates at the dinner table, subtracting eggs out of a dozen when baking, etc.

Winter is coming! Please make sure that your child's name is written in all of their winter belongings and that they can get their winter gear on independently and quickly!

We use crayons and glue sticks daily in our classroom and some of our supplies are running low. Please ask your child how big their pencil crayons are and maybe let Santa know that crayons and glue might be great stocking stuffers.

Home Reading will hopefully begin after the Christmas break! (I am still trying to figure out how to send books to and from school safely.) Please watch for more information to come!

The last day of school before Christmas is Friday, December 18th.

Remember that we will start the New Year **ONLINE!** Please watch for Reminds and emails with more information!
